SKILLS

Languages:	C, Python, Java
Web Development:	HTML, CSS, JavaScript
Tools:	VS Code, GitHub, LaTeX
Frameworks & Libraries:	NumPy, Pandas, Matplotlib
Soft Skills:	Communication, Leadership skills, Teamwork, Adaptability, Problem Solving Skills

PROJECTS

Deep fake detection(IOT Project)

Developed a unified multimodal deepfake detection system integrating video, image, and text analysis using ensemble CNN-Transformer architectures for visual content and large language model fine-tuning for AI-generated news detection. Implemented cross-modal consistency verification to identify semantic misalignments between visual and textual claims, achieving robust detection across 100+ generation methods including diffusion models and GPT-based text synthesis.

CERTIFICATIONS & ACHIEVEMENTS

- Earned **Python Foundation Certification** (Infosys Springboard), strengthening core programming and problem-solving skills.
- Earned **Secure Night Certificate**(V.R Siddartha Collage), Strengthening core cybersecurity and reasoning skills.

CODING PROFILES

- **LeetCode:** [Profile](#)
- **CodeChef:** [Profile](#)
